## Checklist May 2018

<http://support.bull.com/ols/product/platforms/dps7000/ns7015/help/bprocf/int/checklist>

## Windows security packages

<http://support.bull.com/ols/product/system/gcos7/windows/dl/pkgf/cs/packages-security-fixes>

Notice that for Windows2008 R2 SP1 the packages have been splitted in two parts as we did for Windows2012 in February .

The first one suffixed by “first” must be applied once.

Then, each month, only the one suffixed by “second” must be applied.

Notice that if you applied the last package on March, only the one suffixed by “second” may be applied.

# March 2018

## Windows security packages

<http://support.bull.com/ols/product/system/gcos7/windows/dl/pkgf/cs/packages-security-fixes>

## Interop7 ID494 pilot (CSB new version)

<http://support.bull.com/ols/product/system/gcos7/interop7/doc/tdocf/cs/csbid494>

## CSB synchronisation des temps Windows

<http://support.bull.com/ols/product/system/gcos7/windows/doc/tdocf/cs/time>

## Checklist 2018

<http://support.bull.com/ols/product/platforms/dps7000/ns7015/help/bprocf/int/checklist>

## Document de référence sur la sécurisation des systèmes (nsG7x7, ns7010, ns7015)

<http://support.bull.com/ols/product/platforms/dps7000/ns7015/doc/tdocf/cs/politique>

<http://support.bull.com/ols/product/platforms/dps7000/nsg7010/doc/tdocf/cs/politique>

<http://support.bull.com/ols/product/platforms/dps7000/nsg7x7/doc/tdocf/cs/politique>

# February 2018

## Windows security packages

**BE CAREFULL FOR Windows 2012 R2:**

The .exe of the package was too big. So it was splitted into two parts.

The first one suffixed by “first” must be applied once.

After, on each month, only the one suffixed by “second” must be applied.

Notice that if you applied the last package of January only the one suffixed by “second” may be applied.

<http://support.bull.com/ols/product/system/gcos7/windows/dl/pkgf/cs/packages-security-fixes>

## Driver Emulex for DGFIP

<http://support.bull.com/ols/product/platforms/dps7000/ns7015/dl/bdrv/int/emulex>

## Interop7 ID494 pilot (csb-tsb-zip)

<http://support.bull.com/ols/product/system/gcos7/interop7/doc/tdocf/cs/csbid494>

<https://support.bull.com/ols/product/system/gcos7/interop7/doc/tdocf/int/tsbid494>

<https://support.bull.com/ols/product/system/gcos7/interop7/dl/pkgf/cs/id494>

# January 2018

## Checklist 2018

<http://support.bull.com/ols/product/platforms/dps7000/ns7015/help/bprocf/int/checklist>

## GCOS7 SERs 2018

<http://support.bull.com/ols/product/system/gcos7/sys/dl/fixf/cs/sers2018>

## Windows security packages

**BE CAREFUL** : if you download the package of January, execute first the exe in the folder "signature-antivirus-symantec" and then the .bat in the Windows version.

**Don't download fixMeltdown and Spectre** because it is included in the package of January.

<http://support.bull.com/ols/product/system/gcos7/windows/dl/pkgf/cs/packages-security-fixes>

## Powerpath 6.2 P1 for W2008R2SP1

<http://support.bull.com/ols/product/platforms/dps7000/nsg7010/dl/bpkgf/int/powerpath62p1/>

## Meltdown and Spectre

<http://support.bull.com/ols/product/platforms/dps7000>

## CSB Check Symantec

[http://support.bull.com/ols/product/platforms/dps7000/sys/commongcos7/doc-com/tdocf/cs/checksymantec/folder\\_contents](http://support.bull.com/ols/product/platforms/dps7000/sys/commongcos7/doc-com/tdocf/cs/checksymantec/folder_contents)
